

Room Booking Signs

Improved meeting room utilization

A flexible room booking solution

Digital Sign Service is a room booking display solution for managing meeting rooms. Ensure that up-to-date information is available to visitors and staff, so they are always informed about current and future meetings.

Digital Sign Service

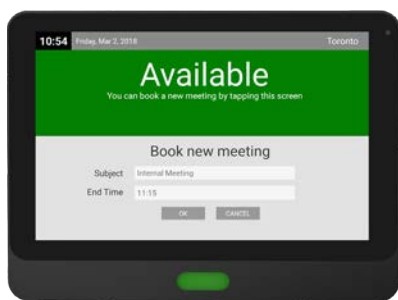

Your digital signage solution for Microsoft Exchange and Office 365

Digital Sign Service lets you seamlessly integrate your digital signs with Microsoft Exchange and Office 365. Book a meeting in Microsoft Outlook® and the information is automatically displayed on the digital signs outside the meeting rooms. See who booked the room or if the room is available.

Use the software on a smaller sign to show availability of workspaces, hot desks, etc. Book in advance or on-demand by the workstation when combined with our meeting management solution Resource Central.

Display meetings for more rooms

View meetings for several rooms around the facility on one display. Use our digital signage software on a larger display to create an updated overview of all current and upcoming meetings in your reception or common areas.

Room booking displays

The intuitive door sign interface ensures easy room booking and optimizes your internal resource utilization.

You can view room availability and today's upcoming meetings. Book, confirm, extend, and end meetings directly on the door sign.

Manage each display in a central admin interface, which includes heartbeat functionality for each sign, usage statistics, and template builder.

Features

Digital Signage

Improved meeting room utilization

Software and hardware

It is possible to buy hardware directly through Add-On Products or our local reseller.

We offer a range of quality hardware in modern designs. These include larger displays for meeting overview, desk booking displays and accessories for meeting room touch panel displays, including multiple types of wall mounts and stands.

As a complete solution we offer hardware with pre-installed software. See a selection of our door signs below.

Room Booking Displays

DS-JAR101-MR | 10"

DS-1050 | 10"

DS-1060 Slim | 10"

We offer a wider selection of displays. See a selection of our desk booking displays and meeting directory displays below.

WS-0350 | 4" Workspace Booking Display

VL800 | 49" Meeting Directory Display
