

N-able N-sight RMM

Unified Endpoint Management from one dashboard

N-able N-sight endpoint management, remote access (powered by Take Control), and helpdesk ticketing combine to give your IT department the tools necessary to manage all users and endpoints and automate repetitive tasks, saving time and increasing productivity. Our platform lets you operate efficiently and deliver end-to-end support for both on-site and remote users—from quick fixes via remote access session to advanced monitoring and patching.

Business efficiency

Transform your IT department to meet the growing demands of today's work-from-anywhere world. N-able N-sight enables you to pro-actively monitor and maintain devices, increase operational performance, and keep your tasks organized.

Network and infrastructure

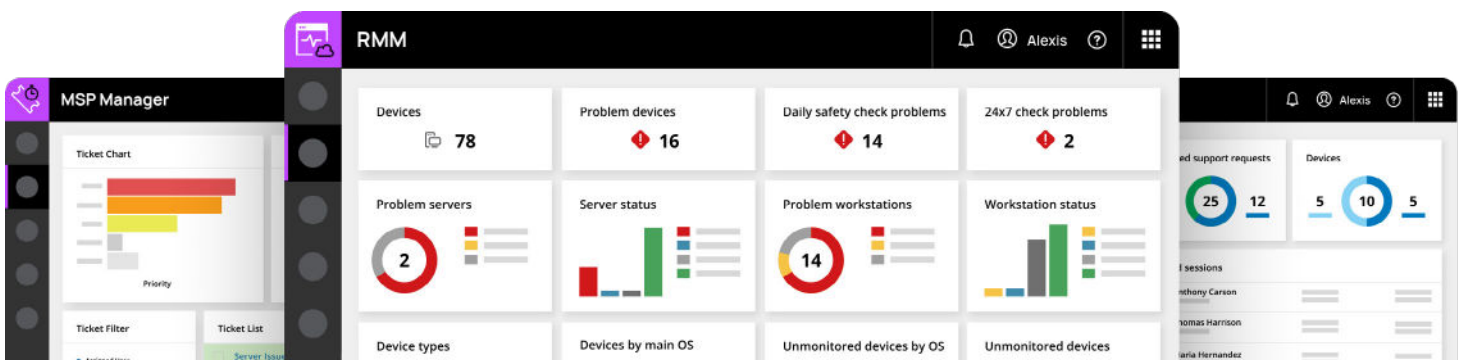

Unify and leverage information and workflows. Manage hundreds of users and endpoints. Automate routine maintenance. N-sight integrates the functionality of RMM, MSP Manager, and Take Control to increase visibility across your entire organization from a single, unified dashboard.

Security to suit your unique needs

With N-sight and other next-gen security integrations, you can meet and exceed the needs of your users and your organization, confidently preparing for whatever unknowns tomorrow might bring.

Built for service-focused workflows

Built with efficiency in mind, N-sight allows your teams to safely access tools and information from nearly anywhere. Gain the insights you need to make the data-driven decisions that can protect your users and help your IT department scale and grow with confidence today—not tomorrow.

Unified endpoint management

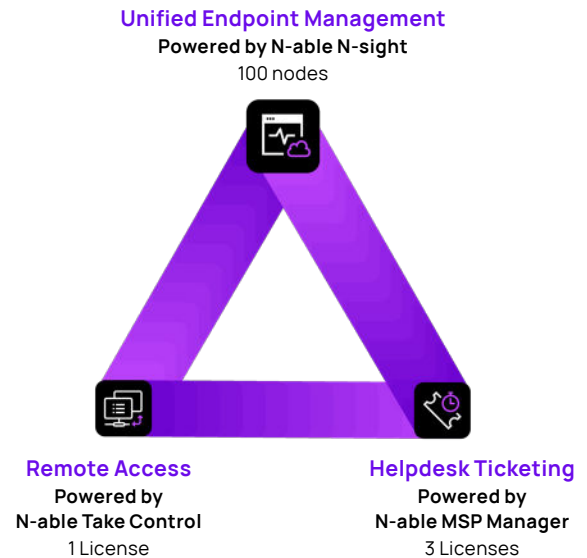

- ▲ Discover assets and inventory with ease
- ▲ Manage infrastructure with 400 out-of-the-box scripts
- ▲ Set patch policies and patch third-party applications to protect your users
- ▲ Leverage drag-and-drop automation to scale with fewer resources
- ▲ Support Windows, macOS®, Linux, iOS, and Android® devices from a single dashboard

Remote access and support

- ▲ Gain secure end-to-end remote connections with all major devices
- ▲ Share files securely in a few clicks
- ▲ Connect to Windows®, Mac®, and Linux® devices
- ▲ Support 4K+ resolution, multi-monitor, and 24-bit true color

Helpdesk Ticketing

- ▲ Maintain clear lines of communication
- ▲ Streamline ticketing
- ▲ Gain insight from tactical and technical reports

About N-able

N-able, Inc. (NYSE: NABL), the solutions partner helping IT services providers deliver security, data protection, and remote monitoring and management services. N-able fuels IT services providers with powerful software solutions to monitor, manage, and secure their customers' systems, data, and networks. Built on a scalable platform, we offer secure infrastructure and tools to simplify complex ecosystems, as well as resources to navigate evolving IT needs. We help partners excel at every stage of growth, protect their customers, and expand their offerings with an ever-increasing, flexible portfolio of integrations from leading technology providers. n-able.com
